

**ISRAEL'S LEADING COMPANY**  
for the Electronic Production Environment

**SHIRTRONICS** is pleased to supply you  
with the technical specifications as requested:  
When printing, choose "ACTUAL SIZE".

## ANTI-STATIC WRIST STRAPS

**MODEL No. WS -120R (BW-106)**

- Specification -

\* Model : WS -120R, Band with grounding cord

\* Material: Elastic nylon combined with conductive yarn.  
This highly conductive band is corrosion-resistant  
Does not harm skin

\* Band construction style: 45 lines conductive yard

\* Width : Available 16 mm  $\approx$  20 mm

\* Resistivity : Wristlet - 80  $\approx$  10E3 Meg Ohm/sq

With grounding: 1 X 10E6 Ohm  $\pm$  5%

\* Color : Light blue / Navy blue / Black / Maroon

\* Snap type : 4 mm / 7mm / 10 mm

\* Grounding cord: OD 2.3 mm and one meg resistor  
is built into the wristlet for safety and  
optimum static protection. Other end  
has rotating banana jack.

\* Grounding length: Available from 5 ft - 30 ft

\* Decay time : Less than 0.05 Sec.

\* Shelf Life : Capable of being stored for at least  
five (5) years, without deterioration  
of its performance.
