ANTI-STATIC WRIST STRAPS

DISPOSABLE WRIST STRAP MODEL No. DWS -500 (DW-11)

- SPECIFICATION -

- * Material : Outer layer - 50% PP Non-woven + 50% Cotton Cloth
Inner layer - PP Non-woven (Density 20g/M²)
Middle layer - Conductive PP strip (0.1 mm)
- * Size : 25 mm (W) X 1.5 M (L)
- * Resistivity : Conductive PP strip - $10^3 < R < 10^5 \Omega/\text{inch}$
Copperfoil - $R < 5 \Omega$
Conductive adhesive tape - $R < 10^6 \text{ Ohm/Sq.}$
- *Electricity Connection:
Without resistor - $10^4 < R < 10^6 \text{ Ohm/1.5 M}$
With one Meg R - $10^6 < R < 10^7 \text{ Ohm/1.5 M}$
- * Decay time : $T < 0.01$ see Electronic Voltage from 5000 V
- ** FUNCTION:

- 1) To be used for wrist band and grounding, so no need to add another grounding cord.
- 2) It's economical, a good price for good quality, and can be used several times.
- 3) Easy and simple to use, as there are self-adhesive ends, which can be stuck on as needed.
