

SWING OVER BENCH

The Swing Over bench is designed to assist in the Gowning Process. The raised platform assists in putting on Booties/Shoe Covers. The bench can also be used as a separation barrier between pre gowning and gowning areas. The optional connection pieces allow the benches to be joined together. Immediate delivery - in stock
Fabrication material: 304 stainless steel, electropolished.

Corner connections

Having difficulty putting on your shoe covers?
The Swing Over Bench Eliminates back bending!
