6. Transparent lens for night driving and normal landscape view

Instructions for use:

These goggles protect against medium energy shocks of particles thrown at high speed 120 m/s (270mph) for high temperature ($55\pm 2^{\circ}\text{C}$ and $-5\pm 2^{\circ}\text{C}$)*, against splashes of droplets liquid, large dust particles.

Details :

Before every use, it is recommended to check the goggles carefully, and change them if damaged. Before entering a risky area, make certain that the goggles are comfortably and firmly adjusted on head.

Limits to use:

Not to be used for protection against further hazards than defined above. The goggles, when in contact with the skin may cause allergic reactions to susceptible individuals. If this occurs leave the hazard area, remove the spectacles and seek medical advice.

Instructions for storage:

To be stored in its original packing in a dry place, sheltered from sun light, from chemical products or abrasive substances.
