

Data Sheet of Horizontal Lifeline (Temporary)

Product Description	Horizontal Lifeline (Temporary) Length - 20 Mtrs., 25 Mtrs. and 30 Mtrs.
Product Model No	SAFETECH SAFE LINE 300
Product Technical Specification	Horizontal lifeline made up of 30mm Polyester webbing quipped with Ratchet Tensioner that allows easy tensioning of the lifeline between two structures. Both the ends are provided with locking Karabiners. The whole system is supplied in a bag, which is permanently attached to the assembly and also enables the user to easily carry the system. Once the lifeline is fitted, the user can easily attach the lanyard of his Full Body Harness to the lifeline using a karabiner. This allows movement along the length while keeping the user safe at all times. Box type stitching will be done.
